Your Honor,

I am writing to advocate for Dr. Sonny Saggar. I am grateful to him for the service he provided to our parish, operating a walk-in clinic at our food pantry every Monday, before he began his prison sentence in Alton, Illinois. My experience of Dr. Saggar is very positive; he has been a blessing to our community.

I am hopeful that Dr. Saggar can be released from prison and continue his important ministry to vulnerable, poor residents in our community. Please feel free to give me a call (314.803.4523), if you need any further information from me. God bless you.

Sincerely,

Rev. Mitchell S. Doyen, Pastor
